

**Healthcare Leaders of San Antonio** is dedicated to helping others discover new business and forge new opportunities. While our roots are in healthcare, we make every effort to reach out to other sectors of the business community through our monthly mixers and events. We also make it a priority to do “much with little” to keep our events as affordable as possible for our potential sponsors.

Recommended sponsorship levels for 2024 include:

- Monthly networking mixer... \$600
- “Lunch & Learn” or other speaker event \$800 and up
- Larger special or custom event \$1,000 and up

**Sponsors** are invited to make a brief presentation about their services at their event and are encouraged to include a post for our website and LinkedIn community for additional marketing impact. Costs may vary according to venue and co-sponsor levels may be available for lunches and special events.

**Dates for Events** include the second Thursday of every month for our networking mixers and special events are negotiable based on venue/speaker availability and sponsor needs or preferences. We are currently working to fill in our 2024 so please let us know what month you would be interested in sponsoring.
